### **FEDERAL REGISTER NOTICES**

**APPENDIX B.1:** *FEDERAL REGISTER*, August 20, 2003, pp. 50127-50128.

**APPENDIX B.2:** *FEDERAL REGISTER*, January 12, 2004, pp. 1702-1702.

accompanied the NAFTA Implementation Act stated that any interested person may submit to CITA a request for a modification to a particular rule of origin based on a change in the availability in North America of a particular fiber, yarn or fabric and that the requesting party would bear the burden of demonstrating that a change is warranted. The SAA provides that CITA may make a recommendation to the President regarding a change to a rule of origin for a textile or apparel good. The NAFTA Implementation Act provides the President with the authority to proclaim modifications to the NAFTA rules of origin as are necessary to implement an agreement with one or more NAFTA country on such a modification. On July 10, 2003, the Chairman of CITA received a petition from Amicale Industries, Inc. alleging that certain yarns of carded cashmere or of carded camel hair, classified in HTSUS heading 5108.10.60, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that the President proclaim a modification of the NAFTA rules of origin. The referenced yarns would be used to produce woven fabrics classified in HTS subheadings 5111.11 and 5111.19 for use in suits, coats and suit-type jackets classified under HTS subheadings 6201.11, 6202.11, 6203.11, 6203.31, 6204.11 and 6204.31. Such a proclamation may be made only after reaching agreement with the other NAFTA countries on the modification CITA is soliciting public comments regarding this request, particularly with respect to whether the yarns of cashmere or of camel hair described above, classified in HTSUS heading 5108.10.60, can be supplied by the domestic industry in commercial quantities in a timely manner. The petition states that potential North American suppliers of the referenced yarns would be required to deliver them within 21 days of receipt of a purchase order. To ensure full consideration, comments must be received no later than September 19, 2003. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, DC 20230. If a comment alleges that yarns of carded cashmere or of carded camel hair can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement

By a manufacturer of the yarn stating that it produces the yarn that is in the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public nonconfidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, NW., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a nonconfidential version and a nonconfidential summary.

#### **DEPARTMENT OF ENERGY Proposed Agency Information Collection**

**AGENCY:** Department of Energy.

**ACTION:** Notice and request for comments.

**SUMMARY:** The Department of Energy (DOE) invites public comment on a proposed collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Comments regarding this proposed information collection must be received on or before October 20, 2003. If you anticipate difficulty in submitting comments within that

period, contact the person listed below as soon as possible.

**ADDRESSES:** Written comments may be sent to (1) Lorena F. Truett, Oak Ridge National Laboratory, P.O. Box 2008, Oak Ridge, TN 37831-6073; or by fax to (865) 574-3851; or by e-mail to [TruettLF@ORNL.gov](mailto:TruettLF@ORNL.gov); and to (2) Sharon Evelin, Acting Director, Records Management Division IM-11/ Germantown Bldg., Office of Business and Information Management, Office of the Chief Information Officer, U.S. Department of Energy, Washington, DC 20585-1290.

#### **FOR FURTHER INFORMATION CONTACT:**

Requests for additional information or copies of the information collection

instrument and instructions should be directed to Lorena F. Truett, Oak Ridge National Laboratory, phone (865) 574-4225, fax (865) 574-3851, e-mail [TruettLF@ORNL.gov](mailto:TruettLF@ORNL.gov).

**SUPPLEMENTARY INFORMATION:** This package contains the following supplementary information:

(1) *OMB No.:* NEW.

(2) *Package Title:* Hydrogen, Fuel Cells & Infrastructure Technologies Program Baseline Knowledge Assessment.

(3) *Type of Review:* New collection.

(4) *Purpose:* The Baseline Knowledge Assessment for the DOE Hydrogen, Fuel Cells & Infrastructure Technologies (HFC&IT) program will measure the levels of and changes in awareness and understanding of hydrogen and fuel cell technologies and the hydrogen economy within four target populations: (1) The general public, (2) students and educators, (3) personnel in state and local governments, and (4) potential users of hydrogen fuel and technologies in business and industry. Four distinct information collections will be required, one for each of the target populations. These collections will be conducted in stages, with the general public study conducted first. Changes relative to baseline knowledge levels will be determined when, after three years, each population group will be surveyed again using the same survey instrument and methodology. The instrument for assessing baseline knowledge will be specifically targeted to the population group. The public survey, for example, will assess a general knowledge of the production, storage, delivery, applications, and safety of hydrogen and fuel cells. Information gathered in this assessment will assist the HFC&IT program in formulating an overall education plan for hydrogen technologies. It will also provide a baseline for determining changes in public awareness and understanding of

the hydrogen economy, which is an important measure from which the success of program education strategies can be evaluated.

(5) *Respondents*: Although the numbers of respondents and methods of information collection will differ for each of the populations, the general scope and temper of the four collections will be the same. The general public will be surveyed first. That survey and the general public responses may influence the design of the surveys for the other target populations. For the general public, a random (probability sample) survey of 1,000 adults, age 18 and over, will be conducted via computer-assisted phone telephone interviews (CATI) or by other appropriate mechanism. About twenty closed-end questions will be posed. For students, a random survey of 500 teens (ages 12–17) and 500 pre-teens (ages 6–11) will be conducted, also using CATI or other technology and closed-end questions. Approximately 100–150 primary and secondary educators will be randomly selected from a national contact list for interviewing. Questions for educators will be of both closed-end and open-end formats. Contacts with energy agencies in all 50 states and the District of Columbia will be made, and a limited number of local (*i.e.*, municipal) agencies will also be contacted. Questions to state and local government agencies will be of both closed-end and open-end formats. A limited number of large-scale or potential large-scale users of energy sources powered by hydrogen and fuel cells will also be interviewed using both closed-end and open-end questions.

(6) *Estimated Number of Burden Hours*: For the general public survey, the burden is estimated at ten minutes per respondent for 1,000 respondents, for a total time and cost burden of 167 hours and \$0. The total burdens for the other populations will depend on the designs of those surveys, but will be similar in temper and scope to the burden for the general public survey. The total time and cost burden for the student survey is tentatively estimated to be 133 hours and \$0; the total burden for educators is estimated to be 25 hours and \$0. The total burden for the state and local government and large-scale user surveys is expected to be less than the burden for the student survey.

#### **DEPARTMENT OF ENERGY Agency Information Collection Extension**

**AGENCY**: Department of Energy.

**ACTION**: Submission for Office of Management and Budget Review; Comment request.

**SUMMARY**: The Department of Energy (DOE) has submitted an information collection package, OMB Control Number 1910–5103, Reporting and Record Keeping Requirements for Safety Management System for extension under the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. chapter 35). This package contains an information collection that is used by Departmental Management to exercise management oversight and control over management and operating (M&O) contractors operating DOE's facilities. This contractor management oversight and control function concerns the ways in which DOE management contractors document their environment, safety and health systems to ensure contractor employees' safety and health.

**DATES**: Comments must be submitted on or before September 19, 2003. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the OMB Desk Officer of your intention to do so as soon as possible. The Desk Officer may be telephoned at (202) 395–3087. (Also, please notify the DOE contact listed in this notice.)

**ADDRESSES**: Address comments to DOE Desk Officer, Office of Management and Budget, Office of Information and Regulatory Affairs (OIRA), Room 10102, New Executive Office Building, 725 17th Street, NW., Washington, DC 20503. (Comments should also be addressed to Sharon Evelin, Acting Director, Records Management Division, Office of Business and Information Management, Office of Chief Information Officer, IM–11, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585–1290.

**SUPPLEMENTARY INFORMATION**: (1) *Title*: Environment, Safety and Health; (2)

*Current OMB Control Number*: 1910–5103; (3) *Summary*: A three year extension is requested which includes mandatory obligations; (4) *Purpose*: This information is required by the Department to ensure that the Departmental environment, safety and health resources and requirements are managed efficiently and effectively and to exercise management oversight of DOE contractors; (5) *Type of Respondents*: DOE management and operating contractors; (6) *Estimated number of responses*: 7 per year; and (7) *Estimated total burden hours*: 2,450. **Statutory Authority**: Department of Energy Organization Act, Public Law 92–01. Issued in Washington, DC, on August 13, 2003.

**DEPARTMENT OF EDUCATION  
Submission for OMB Review;  
Comment Request**

**AGENCY:** Department of Education.

**SUMMARY:** The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

**DATES:** Interested persons are invited to submit comments on or before February 11, 2004.

**ADDRESSES:** Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Melanie Kadlic, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW, Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the Internet address [Melanie\\_Kadlic@omb.eop.gov](mailto:Melanie_Kadlic@omb.eop.gov).

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information

collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

**DEPARTMENT OF ENERGY  
Proposed Agency Information  
Collection Submitted for OMB  
Review and Comment**

**AGENCY:** Department of Energy.

**ACTION:** Review and comment.

**SUMMARY:** The Department of Energy (DOE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). The proposed collection will provide a baseline measurement of knowledge of and opinions about hydrogen, fuel cells, and the hydrogen economy.

**DATES:** Comments on the proposed information collection must be received on or before February 11, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the OMB Desk Officer of your intention to make a submission as soon as possible.

**ADDRESSES:** Written comments should be sent to the DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street, NW., Washington, DC 20503.
